

20 watt best mono solar panel for home

Our Product Introduction

for more products please visit us on monosolarpanel.com

Basic Information

- Place of Origin: China
- Brand Name: Linksun
- Certification: CE
- Model Number: LS-20M
- Minimum Order Quantity: 100PCS
- Packaging Details: 2 pcs/carton
- Delivery Time: 5-8days
- Payment Terms: 30% TT in advance, 70% balance before delivery.
- Supply Ability: 1000pieces per week

Product Specification

- Product Name: Small Portable Solar Panels
- Solar Cell: Monocrystalline Silicon Cells
- Application: RV, Boat And Yacht, Van And Car, Outdoor Camping
- Contract Dimension: 340x470x25mm
- Benefits: Portable, Convenient, Lightweight, Efficient
- Back Sheet: White
- Warranty: 5 Years
- Protection Class: IP 65
- Front Material: Tempered Glass
- Output Cables: 4 Mm²

20 watt best mono solar panel for home

The 20W monocrystalline solar panel offers high efficiency and stable performance, making it a reliable power source for off-grid applications. Built with premium mono solar cells, it delivers excellent energy conversion even in low-light environments. Its compact size and lightweight design make it easy to install and transport, ideal for use in RVs, boats, cabins, security systems, and outdoor lighting. The panel features a durable aluminum frame and tempered glass for enhanced weather resistance and long service life. With good quality and reliable output, it's perfect for both residential and commercial small-scale solar projects.

Product Features:

1)Portability

Small dimensions make it easy to carry. Its small dimensions can occupy less of your activity area. When you are camping, picnicking, or fishing outdoors, this portable solar panel can help maintain your power needs. By the way, its lightweight feature can help you carry it better.

2)Long service life

The service life of monocrystalline silicon solar cells is relatively long, generally reaching around 20 years, with the highest reaching 25 years.

3)Easy installation

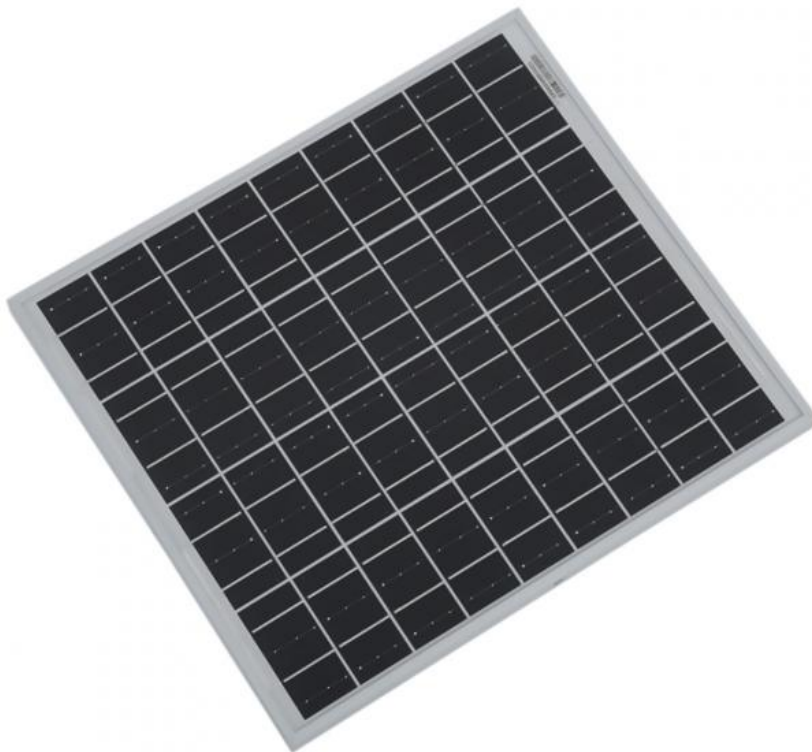

Pre-drilled holes on the back of the panel for fast mounting and securing.

4)Angle adjustable

This product can be equipped with an adjustable mounting bracket, which can rotate 360 degree angle. You can change the angle of solar panels and sunlight to maximize the efficiency.

Product Details:

Model	LS-20M
Maximum Power(Pmax)	20W
Maximum Power Voltage(Vmp)	17.5V
Maximum Power Current(Imp)	1.15A
Open Circuit Voltage(Voc)	21.42V
Short Circuit Current(Isc)	1.23A
Power Tolerance(Positive)	± 3%
Cell Type	Mono-crystalline silicon
Contract Dimensions(mm)	340x470x25mm
Weight(KGS)	2kg
Protection Class	IP65
Maximum System Voltage	600V
Temperature Range	-40 ~85
Standard Test Conditions	1000W/m2, AM1.5, 25°C

**FAQ:**

Q1:What's the solar panels warranty?

A: 5 year's warranty.If you have any questions about our quality during use,you can contact us at any time.

Q2:Do you accept OEM/ODM orders?

A:We accept OEM/ODM orders.Welcome your inquiry.

Q3:Can I have samples to test?and what's the lead time for the sample order?

A:Yes,of course.The lead time for samples is 7-10 days.

Q4:Are you manufacturer or a trading company?

A:We are manufacturer and our factory is based in Yuyao,Ningbo.Welcome your visit if you like.

Q5:Where are your goods exported?

A:We can export to all over the world.
