

10W Monocrystalline Solar Panel For RV Camping

Our Product Introduction

for more products please visit us on monosolarpanel.com

Basic Information

- Place of Origin: China
- Brand Name: Linksun
- Certification: CE
- Model Number: LS-10M
- Minimum Order Quantity: 100 pcs
- Packaging Details: 2 pcs/carton
- Delivery Time: 5-8days
- Payment Terms: 30% TT in advance, 70% balance before delivery

Product Specification

- Product Name: 10w Solar Panel
- Solar Cell: Monocrystalline Silicon Cells
- Application: RV, Boat And Yacht, Van And Car, Outdoor Camping
- Contract Dimension: 340x240x17mm
- Benefits: Portable, Convenient, Lightweight, Efficient
- Back Sheet: White
- Warranty: 5 Years
- Protection Class: IP 65
- Front Material: Tempered Glass
- Output Cables: 4 Mm²
- Highlight: **10W monocrystalline solar panel,
RV camping solar panel,
portable solar panel for RV**

10W Monocrystalline Solar Panel For RV Camping

Perfect for the mobile adventurer, this 10W Monocrystalline Solar Panel is your key to off-grid freedom. Its high-efficiency cells effectively convert sunlight into power, trickle-charging RV batteries to keep your essential devices running. The panel is built with a durable, lightweight frame and is fully weatherproof for worry-free outdoor use. Easy to set up and often featuring convenient mounting options, it's the simple, reliable solution for powering lights, phones, and small appliances during all your camping trips. Embrace sustainable energy and explore further with this compact solar companion.

Product Features:

1)Portability

Small dimensions make it easy to carry. Its small dimensions can occupy less of your activity area. When you are camping, picnicking, or fishing outdoors, this portable solar panel can help maintain your power needs. By the way, its lightweight feature can help you carry it better.

2)Long service life

The service life of monocrystalline silicon solar cells is relatively long, generally reaching around 20 years, with the highest reaching 25 years.

3)Easy installation

Pre-drilled holes on the back of the panel for fast mounting and securing.

4)Angle adjustable

This product can be equipped with an adjustable mounting bracket, which can rotate 360 degree angle. You can change the angle of solar panels and sunlight to maximize the efficiency.

Product details:

Model	LS-10M
Maximum Power(Pmax)	10w
Maximum Power Voltage(Vmp)	17.5V
Maximum Power Current(Imp)	0.57A
Open Circuit Voltage(Voc)	21.42V
Short Circuit Current(Isc)	0.61A
Power Tolerance(Positive)	3%
Cell Type	Monocrystalline cell
Contract Dimensions(mm)	340x240x17mm
Weight(KGS)	1.5kg
Protection Class	IP 65
Maximum System Voltage	60V
Temperature Range	-40 ~85
Standard Test Conditions	1000W/m2, AM1.5, 25°C

Tempered Glass

Strong Compressive Capacity

Wind-resistant Behavior

>93% Higher Transmittance

3.2mm Thickness

30% Lower Reflection

Higher Efficiency Cell
Monocrystalline/Polycrystalline
Appearance Consistency
High Power Output

Solar Cell

Frame Type

Anodized Aluminum Alloy

Silver or Black for you to choose

High Strength and Corrosion Resistance

Long Serviceable Life

FAQ:

Q1:What's the solar panels warranty?

A: 5 year's warranty.If you have any questions about our quality during use,you can contact us at any time.

Q2:Do you accept OEM/ODM orders?

A:We accept OEM/ODM orders.Welcome your inquiry.

Q3:Can I have samples to test?and what's the lead time for the sample order?

A:Yes,of course.The lead time for samples is 7-10 days.

Q4:Are you manufacturer or a trading company?

A:We are manufacturer and our factory is based in Yuyao,Ningbo.Welcome your visit if you like.

Q5:Where are your goods exported?

A:We can export to all over the world.
