

30W solar panel using in LED lamp LED solar street light

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Linksun
- Certification: CE
- Model Number: LS-30M
- Minimum Order Quantity: 100PCS
- Packaging Details: 1pcs/carton
- Delivery Time: 5-8days
- Payment Terms: 30% TT in advance, 70% balance before delivery.
- Supply Ability: 1000pieces per week

Product Specification

- Application: 30W Mono Solar Panel For Camping
- Lifespan: 25 Years
- Material: Monocrystalline Silicon Cells
- Portability: Portable
- Power Source: Solar
- Size: 520*360*25mm
- Temperature Range: -40 ~+85
- Warranty: 25 Years
- Waterproof: Yes
- Highlight: **30W solar panel for LED lamp, solar street light panel, portable solar panel with warranty**

Product Description

30W solar panel using in LED lamp LED solar street light

This 30W Solar Panel is specifically engineered for powering integrated LED solar street lights. It provides efficient, sustainable energy for all-night illumination in pathways, gardens, and security applications. The high-efficiency monocrystalline cells ensure rapid battery charging even with limited sunlight. Built with a durable, weatherproof frame, it withstands harsh outdoor conditions year-round. This reliable off-grid solution reduces electricity costs and simplifies installation, offering an eco-friendly and cost-effective lighting alternative for public and private spaces.

Product Features:

1)Portability

Small dimensions make it easy to carry. Its small dimensions can occupy less of your activity area. When you are camping, picnicking, or fishing outdoors, this portable solar panel can help maintain your power needs. By the way, its lightweight feature can help you carry it better.

2)Long service life

The service life of monocrystalline silicon solar cells is relatively long, generally reaching around 20 years, with the highest reaching 25 years.

3)Easy installation

Pre-drilled holes on the back of the panel for fast mounting and securing.

4)Angle adjustable

This product can be equipped with an adjustable mounting bracket, which can rotate 360 degree angle. You can change the angle of solar panels and sunlight to maximize the efficiency.

Product Details:

Model	LS-30M
Maximum Power(Pmax)	30W
Maximum Power Voltage(Vmp)	17.5V
Maximum Power Current(Imp)	1.72A
Open Circuit Voltage(Voc)	21.42V
Short Circuit Current(Isc)	1.84A
Power Tolerance(Positive)	3%
Cell Type	Mono-crystalline silicon
Contract Dimensions(mm)	520*360*25mm
Weight(KGS)	2kg
Protection Class	IP65
Maximum System Voltage	600V
Temperature Range	-40 ~85
Standard Test Conditions	1000W/m2, AM1.5, 25°C

FAQ:

Q1:What's the solar panels warranty?

A: 5 year's warranty.If you have any questions about our quality during use,you can contact us at any time.

Q2:Do you accept OEM/ODM orders?

A:We accept OEM/ODM orders.Welcome your inquiry.

Q3:Can I have samples to test?and what's the lead time for the sample order?

A:Yes,of course.The lead time for samples is 7-10 days.

Q4:Are you manufacturer or a trading company?

A:We are manufacturer and our factory is based in Yuyao,Ningbo.Welcome your visit if you like.

Q5:Where are your goods exported?

A:We can export to all over the world.

A:We always prepare a sample production before bulk production and have a final strict inspection before shipment.
